# CURVES

“A CIRCLE HAS NO END.”

— Isaac Asimov

The Asscher Ring chandelier, by **Hammerton Studio** through **CAI Designs**, comes in finish options such as Matte Black, Novel Brass, and Burnished Bronze (shown here). The LED light is refracted through a hand-cast glass ring, while concealed down lights add more direct task lighting.

The crescent moon-inspired Luna collection, by **Graff**, is now available in finishes including polished chrome, Steelnox, Architectural White, Brushed Nickel, Polished Nickel, Vintage Brushed Brass, Unfinished Brass, Architectural Black, and Matte Black.

Simply Morris is a new collection from **Morris & Co.**, incorporating clean grounds and vibrant motifs. Neither maximalist nor minimalist, the patterns are softer, more modern, and anything but subdued. Through **Zoffany**.

**Moen** introduces wall-mounted tub fillers, featuring a simple, single-handle design and sleek ultra-thin, 10-inch spout, offering flexible installation around freestanding tubs. Available in 12 styles and a variety of elegant finishes.
