ATMOSPHERE: REACHING HIGHER HEIGHTS

The Atmosphere collection captures the fluid poetry of cloud-laden skies and has expanded to include pendants and multi-pendants. Cirrus drapes textured kiln-fused glass over shimmering cast crystal, creating a luminous interplay that feels weightless and refined. Cumulus pairs gently sculpted metal with either soft, textured glass or sculpted metal inner discs, forming layered silhouettes that echo the serene beauty of drifting clouds.

CHAIN PENDANTS: TRADITION MEETS ARTISAN CRAFT

Three exquisite, handcrafted chain designs now infuse select styles of pendants, multi-pendants, and swag chandeliers with a sense of traditional romance. Each link style—Diamond, Rectangle, and Oval—is shaped with artistry and intention, lending vintage-inspired allure to modern silhouettes. The result is an elevated sophistication that's timeless, tailored, and luxurious.

DELPHINE: A BOLD STATEMENT IN METALWORK

The Delphine embodies a poetic balance of strength and feminine softness, inspired by organic shapes and the graceful lines of French architectural detail. It honors Hammerton's blacksmithing heritage through hand-hammered textures and forged metalwork that casts reflected light in a bold new look. Available in select metallic and translucent finishes and 48" and 58" diameters.

HAILSTONE: A CERAMIC SPIN ON RAINDROP

The Hailstone reimagines the beloved Raindrop collection with an earthier, more casual aesthetic. Its handcrafted ceramic cap replaces the traditional fluted profile, layering organic texture with modern artistry in the tempo sconce, swag chandelier, and multi-pendant categories. Each light showcases up to five pounds of luxuriously thick, LED-illuminated hand-blown glass and is available in two ceramic color accents.

TORNO STACK LIGHTING: A FRESH TAKE ON CERAMIC

The Torno expands the Hammerton material palette beyond glass and metal into the timeless world of handcrafted ceramic. As a stairwell, entry, or living room statement piece, it can extend up to 20 feet, with adjustable configurations of 5-, 15-, or 25-ceramic shades that let you tailor each drop for perfect proportion and effortless visual flow. The result is a modern, quietly dramatic installation that transforms vertical space into an architectural moment.
