PLB0039-BB Example

Required Tools

- Philips screw driver (not included)
- Wire cutters/strippers (not provided)
- Measuring tape (not provided)
- 1/16 Allen Key (provided)

Assembly Instructions

Step 1: Using the provided Threaded Rod assembly Instructions, assemble the light to the desired Over All Height (OAH). Loctite must be used on the threaded rods before final install.

Step 2: Attach one end of the threaded rod to the Swivel mounted to the center Knot.

Step 3: Attach the other end of the threaded rod to the canopy. Gently pushing the wires through the rods and into the canopy.

Figure 2

Fixture before glass is attached.
Example (PLB0039-BA)

Step 4: Connect drivers to source power. The wires must be connected to the driver, **Black to Black and White to White**.

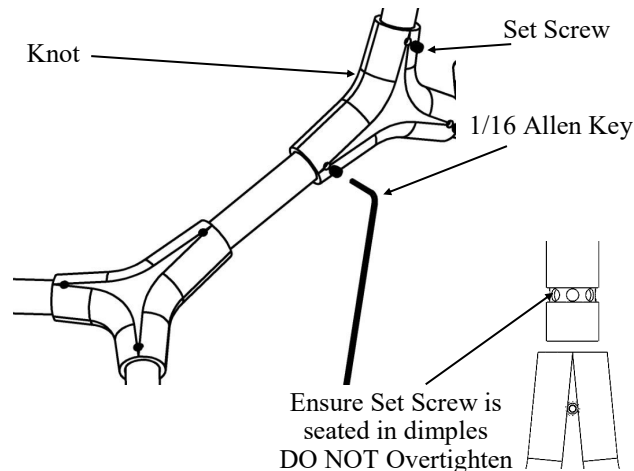

Step 5: Ensure driver is securely fixed inside of the J-Box.

Step 6: Mount the fixture to the building structure or J-Box following the provided **Mounting Instructions**.

Step 7: Connect the direct current (DC) wires from the fixture to the driver. (**Black to Black and Red to Red**)
NOTE: RED and BLACK wires are for DC power only. Wiring these to AC power will damage the drivers.

The Knot Orientation CONSIDERATION

Position of branch knots may be adjusted *Before Glass is Installed* with the included 1/16 Allen key. **DO NOT ROTATE 90 DEGREES PAST ORIGINAL POSITION. ENSURE SET SCREW IS FLUSH WITH KNUCKLE AND TIGHTLY FIXED INTO THREADS.**

Step 8: Attach glass to LED housings.

NOTE: Install glass one at a time, ensuring fixture remains balanced. TWO INDIVIDUALS ARE HIGHLY RECOMMENDED FOR GLASS INSTALLATION.

For all Glass Retention

Tighten till snug
DO NOT overtighten

About Hammerton Studio

HAMMERTON STUDIO

When we introduced the Hammerton Studio brand in 2014, we saw an enormous opportunity to raise the bar in decorative lighting. In design, we wanted to lead rather than follow. In construction, we wanted to showcase Hammerton's renowned reverence for time-honored artisan craftsmanship and authentic materials. In performance, we wanted to provide highly reliable solutions that far exceeded industry norms for aesthetics, function, and quality. Based on the brand's dramatic growth and customer feedback, it's clear we are on the right track.

EXTRAORDINARY DESIGN VALUE IN ARTISAN GLASS & METALWORK

Hammerton began in 1995 as a blacksmith shop, but we've come a long way since then. Today we employ a world class team of metal artisans who are disciplined in a broad range of fabrication techniques and processes. We've also added in-house capabilities in blown, cast and kiln-fused glass, and today Hammerton operates one of the largest artisan glass production facilities in the U.S. With deep design and fabrication expertise at the intersection of glass and metalwork, we're laying the foundation for a new era of lighting innovation.

THE HAMMERTON HERITAGE

Our Hammerton Studio brand stands on the shoulders of more than a quarter century of experience pushing the boundaries of innovative custom lighting design. Each Hammerton Studio collection has been inspired by custom work our company has brought to life in collaboration with leading interior design professionals over the years. Built to your specifications, every fixture reflects the uncompromising design and attention to detail that is distinctly Hammerton.

A REPUTATION REFLECTED BY OUR CLIENTS

Hammerton fixtures are as extraordinary as the clients who purchase them, including Forbes 400 members, Fortune 500 leaders, award-winning entertainers, fashion and interior designers, sports legends, and leading luxury hospitality brands.
