

## Included Components

- Hardware Packet Y with Instructions
- Blown Glass
- Canopy
- Coax Power Cord
- Aircraft Cable

## Required Tools

- Philips screw driver (not provided)
- Wire cutters/strippers (not provided)
- Measuring tape (not provided)

\*\*Example fixture LAB0092-02 shown\*\*

## Assembly Instructions

**Step 1: TURN OFF POWER TO JUNCTION BOX TO BE USED FOR INSTALLATION.**

**WARNING:** Failure to use the LED driver to power your pendant will permanently damage your product making it unusable

**Step 2:** Remove the faceplate from Canopy (B) by pulling the faceplate, which is connected by magnets, off of the canopy. Mount the canopy to J-Box using the 1.5" L #8-32 screws provided in the mounting pack. Make 120 VAC connections from the power source to the driver using the Black and White wires. The Black, Red, Pink, and Purple leads should not be connected at this point.

**Step 3:** Remove the lower section of the light. Twist the housing to the right and disconnect the wire connection. Remove the three screws holding the assembly together.

**Step 4:** Place alternating glass, collars, and glass tubes according to the fixture type ensuring that a silicone gasket is placed between each interface of materials. Due to variation in glass size it may be necessary to stack a few gaskets to the last connection to ensure there is compression when the machined end is placed back onto the light tube. Screw the end back on with the three screws to complete the lightbar assembly.

Start by using the thin silicone washer, after installing the end cap check to see if the glass is loose if it is you will need to replace this with the thick silicone washer.

**Step 5:** Remove the canopy faceplate. Run the aircraft cable and coaxial power cable through the faceplate then insert the aircraft cable into the canopy cable gripper. Leave the coaxial power cable disconnected for now.

**Step 6:** Adjust the pendant to the desired height by pushing the aircraft cable further into the gripper. If the aircraft cable is pushed too far into the gripper push up on the gripper to release tension on the cable and pull back through the gripper.

**Step 7:** Finally, snip the coaxial wire to the appropriate length and make electrical connections by stripping back the clear wire sheath exposing the outer wire. Pull the wire away from the inner wire and twist together making a wire that can be placed into the provided wire nut. Now strip the plastic sheath off the center wire exposing the positive wire. Connect the center wire to the Red (+) wire on the driver and the outer wire to the Blue (-) wire on the driver. Place the cover back onto the canopy then use the provided plastic clips to connect the coaxial power wire to the aircraft cable clipping them on every foot approximately.

## About Hammerton Studio

### HAMMERTON STUDIO

When we introduced the Hammerton Studio brand in 2014, we saw an enormous opportunity to raise the bar in decorative lighting. In design, we wanted to lead rather than follow. In construction, we wanted to showcase Hammerton's renowned reverence for time-honored artisan craftsmanship and authentic materials. In performance, we wanted to provide highly reliable solutions that far exceeded industry norms for aesthetics, function, and quality. Based on the brand's dramatic growth and customer feedback, it's clear we are on the right track.

### EXTRAORDINARY DESIGN VALUE IN ARTISAN GLASS & METALWORK

Hammerton began in 1995 as a blacksmith shop, but we've come a long way since then. Today we employ a world class team of metal artisans who are disciplined in a broad range of fabrication techniques and processes. We've also added in-house capabilities in blown, cast and kiln-fused glass, and today Hammerton operates one of the largest artisan glass production facilities in the U.S. With deep design and fabrication expertise at the intersection of glass and metalwork, we're laying the foundation for a new era of lighting innovation.

### THE HAMMERTON HERITAGE

Our Hammerton Studio brand stands on the shoulders of more than a quarter century of experience pushing the boundaries of innovative custom lighting design. Each Hammerton Studio collection has been inspired by custom work our company has brought to life in collaboration with leading interior design professionals over the years. Built to your specifications, every fixture reflects the uncompromising design and attention to detail that is distinctly Hammerton.

### A REPUTATION REFLECTED BY OUR CLIENTS

Hammerton fixtures are as extraordinary as the clients who purchase them, including Forbes 400 members, Fortune 500 leaders, award-winning entertainers, fashion and interior designers, sports legends, and leading luxury hospitality brands.

## Warranty

### ONE YEAR LIMITED WARRANTY

Hammerton, Inc. (Hammerton) warrants the original owner that this product will be free of defects in material or workmanship for the period of one year from the date of original purchase from Hammerton, if (i) the allegedly defective product has not been abused, misused or improperly maintained and or repaired during the warranty period, (ii) the defect is not caused by water damage/flooding, fire, explosion, earthquakes or similar phenomenon, and (iii) the defect is not caused by improper installation (unless installed by Hammerton).

In order to obtain warranty service, the user must first complete a warranty claims form. Hammerton will determine if the product will be inspected on site or returned to Hammerton. If after the inspection Hammerton finds that the product is defective as claimed, Hammerton will, at its option, repair or replace the product free of charge, or Hammerton may also agree to outsource necessary repair work locally using local contracted labor. Prior to any outsourcing of repair work regarding this fixture, a Work Authorization Form must be signed by both the client and Hammerton Representative. Failure to do so may result in a denial of reimbursement. Hammerton warrants any replaced or repaired products for ninety days after shipment or through the end of the original warranty period, whichever is longer. All products or parts that are replaced become the property of Hammerton. No representative or employee of Hammerton is authorized to make any modification or addition to this limited warranty.

TO THE FULL EXTENT ALLOWED BY LAW, THE FOREGOING WARRANTY AND REMEDIES ARE EXCLUSIVE, AND HAMMERTON EXPRESSLY DISCLAIMS ALL OTHER WARRANTIES, EXPRESSED OR IMPLIED, INCLUDING WITHOUT LIMITATION THE IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE. TO THE FULL EXTENT ALLOWED BY LAW, HAMMERTON EXCLUDES AND DISCLAIMS LIABILITY, WHETHER BASED IN CONTRACT OR TORT (INCLUDING NEGLIGENCE FOR ANY CONSEQUENTIAL, INDIRECT INCIDENTAL OR SPECIAL DAMAGES OF ANY NATURE ARISING OUT OF THE SALE INSTALLATION, MAINTENANCE, USE OR FAILURE OF THIS PRODUCT, EVEN IF HAMMERTON HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES IN ADVANCE, AND HAMMERTON LIMITS ITS LIABILITY TO REPLACEMENT, REPAIR OR REFUND OF THE PURCHASE PRICE PAID, AT HAMMERTON'S OPTION.) SOME STATES DO NOT ALLOW LIMITATIONS ON HOW LONG AN IMPLIED WARRANTY LASTS AND/OR DO NOT ALLOW THE EXCLUSION OR LIMITATION OF INCIDENTAL OR CONSEQUENTIAL DAMAGES, SO THE ABOVE LIMITATION ON IMPLIED WARRANTY AND INCIDENTAL OR CONSEQUENTIAL DAMAGES MAY NOT APPLY TO YOU. THIS WARRANTY GIVES YOU SPECIFIC LEGAL RIGHTS YOU MAY HAVE OTHER RIGHTS, WHICH VARY FROM STATE TO STATE
