

Tall Orleans 24 with Mono

The Orleans dome pendant light has a profile that looks right from every angle—elegant without announcing it. Build yours from more than 30 components, including real marble and travertine from the Iberian Peninsula, where each piece carries its own natural character. Designed in Salt Lake City. Crafted to a standard most imports never reach.

Product Notes - PLEASE READ:

- All Hammerton fixtures are artisan made. Subtle imperfections reflect the mark of the maker and should be expected.
- This product may incorporate steel and aluminum material. Transparent finishes may vary between steel and aluminum components.
- Products incorporating artisan blown and cast glass may create dramatic patterns of light and shadow on surrounding surfaces. While this is often desirable, shadowing can be minimized by adding recessed ceiling light to the installation.

General Notes:

- Visit hammerton.com to read our complete warranty.
- All dimensions are in inches unless otherwise noted. Dimensions may vary up to 7/8".
